

SHAHMEER ALI

Android Developer | Computer Science Student

Comsats University, Park Road, Islamabad | 03130744103 | shahmeer.devel@gmail.com

QUALIFICATION SUMMARY

Enthusiastic and motivated Android App Developer with hands on experience of Kotlin, Java and Python, eager to learn and gain experience through jobs. Familiar with building simple user interfaces using XML and working with Firebase and Room Database for app development. Completed projects like a Weather App and an Expense Tracker App, showcasing a willingness to apply coding skills to real-world applications. Passionate about improving programming abilities and learning new technologies to develop better mobile applications.

KEY SKILLS

- Android Development
- Kotlin Programming
- Java Programming
- Python Programming
- UI Design
- XML Layouts
- Firebase Integration
- Room Database
- Mobile Applications
- App Testing
- Debugging Skills
- Version Control
- API Integration
- Problem Solving
- Software Development

EDUCATION

Comsats University, Islamabad
2027

Expected Graduation:

Bachelor of Computer Science

- Software Development & Programming:** Gained a foundational understanding of programming languages, algorithms, and data structures, with hands-on experience in developing applications using Kotlin, Java, and Python while implementing database solutions like Firebase and Room Database.
- Mobile App Development & UI Design:** Learned the principles of Android development, including UI/UX design using XML, app functionality implementation, debugging, and API integration to create interactive applications such as a Weather App and an Expense Tracker App.
